DEATHS AND DOLLARS!

Reliable Estimates Given of the Loss of Both in the Great Pennsylvania Calamity.

HUNTINGDON, Pa., June 6.—The devastation in Central Pennsylvania is very great. Not a house is left that stood within reach of the swollen streams here. The damage is $500,000, while other towns in the country suffered correspondingly. A. L. Roberts' immense tannery, at Mapleton, was damaged $200,000. Other losses will reach $100,000 more. The Powell furnace, at Saxton, lost $300,000 and both the railroads and county bridges were swept away. Four miles of the Pennsylvania tracks are destroyed, with bridges gone at Mays, Manamuk and Lewiston, the latter bridge going down last night. Growing crops in the low lands were destroyed. Relief committees are seeking assistance for destitute and assistance is coming slowly. Three families, comprising sixteen persons, named Haffner and Montgomery, are missing and it is believed they were swept away with their homes.

THE CUMBERLAND VALLEY.

CUMBERLAND, Md., June 6—The flood in the Cumberland valley has passed and the loss is estimated at $300,000. No loss of life. Captain Pratt, manager of the government Indian training school of this city, telegraphed Governor Beaver offering his own and the services of 100 Indian men, trained nurses, with six assistant Indian girl nurses, anywhere in the flooded district, with their own rations and tents.

Governor Beaver replied, thanking Captain Pratt, saying he was well supplied with laborers and nurses, adding: "The tables have turned in the Indian problem. Your generous offer I treat as a harbinger of the coming of a better relation between them and the white man."

THE CORONER'S JURY.

JOHNSTOWN, Pa., June 6.—Coroner Hammer, of West Moreland county, with the jury empanneled at Nineveh Saturday, has been taking testimony there, and yesterday inspected the dam, at the lake on the South Fork branch of the Conemaugh. Witnesses testified that a quantity of straw, loose clay and stones were dumped in the dam to repair a break about three years ago. These witnesses considered the dam unsafe. Witnesses also testified that the dam was condemned six years ago. There is doubt that the jury will hold the club responsible.

RELICS PICKED UP.

PORTSMOUTH, Ohio, June 6.—A large number of relics of the Johnstown disaster were picked up at this point in the floating drift. At Sciotoville a pocketbook containing $5.26, a set of silver spoons marked "S. Y.," a bank-book of the First National of Johnstown, with a credit to Nathan Dyer and two locks of hair, mementoes of lost loved ones, were found.

THE FEARFUL LOSS OF LIVES AND PROPERTY.

JOHNSTOWN, Pa., June 6.—The loss of life by the floods in the towns of Mineral Point, Franklin borough, East Conemaugh, Woodvale, Kernville, Cambria, Minersville, Morrellville, Sheridan, and Coopersdale, which, with Johnstown, constitute the string of communities in the direct path of the flood, was about 2,000 and the loss of property about $6,000,000.

Johnstown proper and Millvale will possibly add 7,000 to the death list and about $18,000,000 to the financial loss. The Pennsylvania railroad's loss will be about $10,000,000; making the total loss, as near as it can now be figured, over 9,000 lives and more than $34,000,000 of property.

The loss of life at Johnstown proper is but little more than a guess. It is too large a place for anybody to know everybody and the survivors are so scattered that the registration of the living, which has reached 12,000 in the district, indicates nothing. The loss in the smaller towns is obtained from leading men in each, who have in a measure got their heads again and are able to think with some coolness.

In detail the loss falls as follows:

Towns.	Lives.	Property.
Mineral Point	16	$ 100,000
East Conemaugh and Franklin	26	120,000
Woodvale	200	250,000
Johnstown	7,000	18,000,000
Millvale	600	200,000
Kernville	1,000	750,000
Cambria	....	.....
Minersville	8	150,000
Morrellville	1	10,000
Sheridan and Coopersville	....	75,000
Pennsylvania Railroad Co		10,000,000
Total	8,953	$39,655,000

Pechahin, of Washington, who built the Gautier steel works, and up to January, 1888, was general superintendent of the Cambira iron works at Johnstown, said last evening: "The loss sustained in round numbers, I should think, would reach $30,000,000. I doubt if twenty years will enable the valley to recover from the awful shock which is almost too horrible to realize."

W. I. Steele, secretary of the West Moreland and Cambria Natural Gas company, said: "Our company alone cannot replace its plant which has been washed out for less than $175,000."

Postmaster Bauman, of Johnstown, who knew every building in it, and was a stockholder in a large number of manufactories and mercantile concerns in the valley, said: "I think that $20,000,000 will be found a very low estimate of Johnstown's financial loss. I am trustee for the largest estate in Johnstown and know what I am talking about when I make this estimate."

USING DYNAMITE.

At 10 o'clock this morning the platoon men who have charge of the wreckage above the bridge, loosened up the debris by a blast of twenty-five large dynamite cartridges, making it possible to open the mouth of the old channel. The day express, which was swept away at Conemaugh, was also found, and it is shown that more lives were lost than at first supposed.

AID BROUGHT.

HARRISBURG, June 6.—Governor Beaver sent a dispatch from Harrisburg saying that he has succeeded in reaching Williamsport with seven car loads of provisions. He says the flooded people are greatly in need of help and everything sent in the shape of money and provisions will be judiciously used.

MILITARY ORDERED OUT.

PITTSBURG, Pa., May 6.—General Hastings has ordered Battery B to Johnstown at once. The Eighteenth regiment has been ordered under arms, prepared to leave for Johnstown at a moment's notice. The occasion for this action has not been ascertained.

DISTRIBUTION OF PROVISIONS.

JOHNSTOWN, Pa., June 6.—There is a scarcity of provisions here this morning. Not, probably, because the stuff is not somewhere on the ground, but because it was not distributed properly. Plenty of people are running around at the west end of the bridge asking for something to eat.

The Americus club relief corps cars are at Morrellville and they are taking care of all the needy people in that district. Both Superintendent Flinn's and Captain Jones' supplies for the men are all right. The provisions wanted are for people who are willing to buy, but can't find any place from which anything is sold.

James B. Scott, chairman of the relief committee, has issued a new order this morning, positively forbidding any one from entering the town without a pass signed by him.

A GENEROUS DONATION.

W. J. Ellis, who represents the New York *Mail and Express*, this morning received a telegram from Elliott J. Sheppard, of New York, notifying him to direct Mayor Harrel, or some other one of the authorities, to draw on him at once for $10,000.

Scarcity of food for the men, owing to a lack of utensils to cook with, caused

A SMALL SIZED RIOT

At the labor camp this morning. It was quelled, however, by a speech from Mr. Flynn, the contractor, who afterwards had the two ring leaders expelled from town. Tents for the laborers to sleep in are arriving from Washington, and fully 5,000 men are at work this morning.

In Cambria City, shortly after midnight last night, some drunken Italians caused trouble, and one company of the Fourteenth regiment, was sent to the scenes, but their services were not needed. Adjutant General Hastings says troops are needed only for guard duty, and denies the report that he has ordered the Tenth regiment out.

DAMAGES BY FLOOD.

WILLIAMSPORT, Pa., June 6.—The work of unloading the seven car-loads of supplies which arrived here yesterday evening, will be commenced this afternoon. Enough provisions are on the way here to last the people for several days. A very large class who lived in the principal places are not applying for relief, although they have lost all their household goods and clothing.

The Dover mills and the Blacks mills are gone and many dwellings and other buildings swept away. The Pine Creek railroad track is torn away and a large amount of the embankment washed away just west of the city.

At Salladesburg houses and mills were flooded and in some instances moved and greatly injured. Many bridges were carried away and great destruction caused at every point.

All along the line of the Philadelphia and Reading track through the city destruction meets the eye, many cars having been lifted from the track and torn to pieces. The number of houses toppled into heaps of rubbish cannot yet be stated, but it is quite large. Along the entire river lumber and other drifts are piled up as high as the houses. A car load of coal was carried a distance of five miles and left sticking on top of a piece of the boom.

WASHINGTON.

The President Sends in a Batch of Appointments.

WASHINGTON, June 6.—The president made the following appointments today:

Charles G. Williams, of Watertown, Dakota, register of the land office at Watertown, Dakota; M. E. Hunt, of Salem, Oregon, commissioner for the district of Alaska, to reside at Oonalashka, in the place of Robert S. Anderson, who declined the appointment; Dana C. Lamb, of Wisconsin, special agent to make allottments of lands in severalty to Indians, &c.; John D. Mills, of Lawrence, Kansas, a commissioner to negotiate with the Cherokee and other Indians for the cession to the United States of certain lands.

A HOOSIER WOMAN.

Not Content With Having Been Married Eight Times, Indulges in a Shooting Scrape.

SHELBYVILLE, Ind., June 6.—Mrs. Mollie Corwie, who last week obtained a divorce from her seventh husband, whom she had married twice, distinguished herself again on Tuesday night, but this time in another manner. She shot George Parmer, badly wounding him and fatrlly shot his son, William. The men tried to gain admittance to the woman's house against her will.

Tickers Resumed.

NEW YORK, June 6.—It was learned yesterday that the conferences and meetings held by the members of the stock exchange and the officials of the Western Union Telegraph company resulted in arrangements whereby the "ticker" service will be resumed to-day. The stock exchange policy has virtually forced the Commercial Telegram company and the Gold and Stock company together.

Foreign News.

LONDON, June 6.—The street car drivers and other employes at Cardiff are on a strike and trouble is feared.

BRUSSELLS, June 6.—The Marchioness de Chastelles, belonging to one of the oldest of the notable families of Belgium, was found murdered in her bed at her residence, Chatteau Moulbeaix, at Mons, this morning. The crime has created great excitement.

Hotel Burned.

STEVENS POINT, Wis., June 6.—The St. James hotel, near the Wisconsin Central depot, caught fire shortly after eight o'clock last night, and was totally destroyed with all its contents. The night clerk, Charles Oatball and two of the girls, Maggie Rielly and one known as Nettie, are missing and there is little doubt that all three lost their lives. Loss of property $10,000.

Christians Butchered by Thousands.

LONDON, June 6.—Missionary letters to the anti-slavery society say that the Mahdis have made western Abyssinia a desert. Whole flocks and herds have been destroyed. Thousands of Christians have been thrown into slavery, thousands of others have been butchered, and hundreds of the noblest inhabitants have been taken to Mecca as salves, in violation of treaties.

Shot Herself to Death.

RICHMOND, Ind., June 6.—Mrs. Harmon Kollstedt, wife of a former Pan Handle engineer, shot herself dead during the temporary absence of the nurse. She gave birth Saturday night, and was suffering from puerperal fever, and had asked the doctor to chloroform her to death.

SULLIVAN'S MONEY!

Rich Developments Concerning the Funds in His Hands in 1881—The Cronin Inquest.

CHICAGO, June 6.—Some rich developments were brought out at the conference yesterday afternoon and evening in Coroner Hertz's office. Banker Smith's books were examined with a view of tracing the source and disposition of the large sums, said to be $50,000, that came into the hands of Alexander Sullivan in 1881. The money was spent partly in speculation and partly in personal expenses. Sullivan went abroad soon after it was spent and it was there he obtained the $100,000 additional, which was used by Lester & Co., for purposes of speculation. Dr. Cronin's papers will be presented to the jury today to show where the $100,000 came from.

The treasurer of the Irish revolutionary fund resided at the time in Paris, Sullivan, so the story goes, went to this man and demanded $100,000. The treasurer had not this amount of secret society funds. He was at the time custodian of other funds, however. The trustees of those funds were nearly all in jail in Ireland at the time, only one was out of jail. He was a revolutionist of the extreme type. He is said to have organized the Phoenix park murders, or to have assisted in that vile crime.

The American triangle man made his acquaintance and induced him to bring pressure on the revolutionary treasurer to borrow from his other friend to make up the $100,000. The money came to the New York bank through a Paris banker. That was proven yesterday. Dr. Cronin's papers will be read to-day in corroboration. Among the papers, it is said, is an abstract of testimony presented by the "No. 1" of the Phœnix Park murderers, showing that the treasurer in Paris was compelled to give up the money to the Chicago triangle man.

The effect of the presentation of these papers, it is said, will be to blast the career of a hitherto prominent Irish-American, not a resident of Chicago, and it is feared that the expose may also do much damage to the Irish home rule movement.

The other papers of Cronin's will further show that the Chicago tri-angle during the six or seven years of their evil rule squandered $350,000 of secret society funds.

The local treasurer of the Clan-na-Gael will testify as to the disposition of certain local funds.

It is probable that Larry Buckley, in in his own defense, will also seek to go on the stand. The accusations made against him yesterday are most serious, and show that he had been a violent denouncer of Dr. Cronin.

P. O. Sullivan, Coughlin and Woodruff were arraigned before Judge Williams yesterday morning on the indictment found last Saturday, which was an amendment of the first one found, the change being the addition of the words, "and others unknown," to the names of the three men. All pleaded "not guilty."

The Cronin inquest was resumed at 10:13 o'clock this morning. Willard J. Smith, the young man who was for a time suspected of being Coughlin's friend from Michigan, was the first witness. Nothing new was developed by his testimony. One of the sensations promised for the day is the introduction of the books of the firm of T. J. Lester & Co., containing the account of the dealings of Alexander Sullivan with the concern.

Stewart L. Moore, a clerk in the employ of J. T. Lester & Co., was then called. He testified from a memorandum to certain transactions Alexander Sullivan had with the firm. They were chiefly in railroad stocks and covered a period from June 1, 1882, to February 28, 1883. The total trades showed a loss to Sullivan of between $50,000 and $80,000. The total amount of margins was $125,000.

Several other witnesses were examined, but their testimony covers the facts in the case already gone over in these dispatches.

Dan Lorden, the Nickel Plate brakeman who had a limb amputated at the St. Joe hospital recently by reason of an accident at Joliet, Ill., died of lockjaw, this morning at 5 o'clock. The Brakeman's Brotherhood, of which the deceased was a member, took charge of the body, and at their order, Messrs. Scheumann & Klaehn, the undertakers, will ship the remains this evening to South Bend, where Mr. Lorden made his home. He was a single man.

Susan Artis, a colored woman, was fined $1 and cost this morning by Justice Ryan, for provoking Catherine Falfore.

HONORED ABROAD.

Fort Wayne Men Voted Into Prominence at Indianapolis.

Fort Wayne was voted into prominence at Indianapolis yesterday through her citizens.

At the diocesan convention of the Episcopal church, the Rev. A. W. Seabreaze was appointed with Revs. J. J. Faude, D. B. Ramsey, Hon. Wm. Mack and Senator Turpie to revise the constitution and canons and report next year. The Rev. Mr. Seabreaze was also elected to a place on the board of missions. It was voted to hold the convention next June at Michigan City. The treasurer, Lewis B. Martin, reported receipts of the diocese during the past year $55,465.49; disbursements, enough to leave a balance of $3,255.30 in the treasury.

At the state Pharmaceutical convention, Mr. Wm. Ranke, of this city, was elected second vice-president and Mr. W. Otto Gross was chosen to a place on the executive committee.

At the Pythian grand lodge meeting, Dr. E. L. Siver and Mr. J. A. N. Frentzel, were elected district deputies and Dr. Sites, as noted yesterday, was chosen grand warden.

THE SENTINEL rejoices at the honors heaped on citizens of Fort Wayne.

THURSDAY, JUNE 6, 1889.

INDIANA is doing nobly for the flood sufferers.

ARE we going to have a Fourth of July celebration?

TASCOTT bobs up again to share in the sensations of the day.

WITH other summer complaints comes Ada Gray in "East Lynne."

RESERVOIR lakes will not be popular in this country for some years.

NEW wheat is now being received in the San Francisco market, and the crop is excellent.

THE Philadelphia *Times* asserts that food and clothing are wanted as much as anything at Johnstown.

"HE who giveth to the poor leadeth to the Lord." If you like the security attend the relief meeting to-night and subscribe your dust.

THE sugar trust has squeezed the prices up another notch. This is a sweet morsel for the gentlemen who pronounced trusts private affairs.

SIX or seven republican newspapers have announced Congressman McKinley for president in 1890. Isn't this treason to the powers that be?

THE city of Indianapolis is financially embarrassed by the fact that the council refused to increase the liquor license, a thing the city officers counted as a certainty.

MAYOR HARDING has called a meeting this evening to organize for the purpose of aiding the flood sufferers. The cause is pre-eminently a worthy one and should meet with the strongest support.

IT is looking a little uncomfortable for Alexander Sullivan, of Chicago, and it may be that other prominent Irishmen were back of the Cronin murder. The Irish cause needs no assassin.

PROFESSIONAL men, business men, manufacturers, farmers, everybody, can contribute something to the collection of accurate statistics for the census next year, and should arrange for it at once.

IT IS fearful to contemplate Captain Schaack and other prominent police officers at Chicago, conniving to shield the Cronin murderers, and yet such is the case. To what depths some men will fall.

THE Cronin murder seems to have some influential men behind it. Chicago must bring the murderers to the bar of justice, if it costs the resignation of the whole police force and the liberty of a dozen "leading Irishmen."

THE Little River ditch is published as a failure, but the Huntington *Democrat* believes it might be as well, however, to reserve judgment until the work is completed. The statement is made that when finished the ditch will perform its work in a very different manner.

THERE is talk of holding the club which constructed the Conemaugh dam responsible so far as possible for property damage inflicted by the recent flood and this loss is estimated now at $40,000,000. The wealthy gentlemen who own the property may find their fishing very expensive.

UPWARDS of 1,000 workmen at the Homestead steel plant of Carnegie & Co., Pittsburg, have accepted the 20 per cent. reduction in wages and will go back to work June 10. The scale is to remain in effect three years, or until it is time for the republican orators to paint the future a bright tariff hue.

JOHN L. GRIFFITHS, reporter of the supreme court, has tendered to the secretary of state 520 copies of the legislative reports, under the provisions of the old law. The secretary, as Mr. Griffiths expected, has refused to accept them because the reports are not prepared in accordance with the act of the last legislature. The matter will be brought before the supreme court for final settlement.

THE old story of the failure of the police alarm boxes is brought into prominence again. The system is out of repair because the city is without an electrician to attend to it. The station house clerks, too, are not provided with books and records, nor are they required to keep the promised criminal calendar. The whole affair is crude and incomplete. This is a pretty way to dispose of the people's money.

EX-MARSHAL OWSTON and Deputy Sheriff Buck Stanley, of Logansport, were arrested yesterday afternoon, by a deputy United States marshal, charged with preventing one John Black, from casting a ballot at the last general election. Black was regarded as a tramp, and as such was denied the right of suffrage. This, of course, has no weight with the republicans who are seeking to punish the Logansport gentlemen because they are democrats, while republican rascals are liberated by Judge Woods.

Esquire Ryan fined Henry Rogers for provoking Frank Glanier.

CONVENTION OF LADIES.

The First National Convention of the L. A. of the O. R. C. Being Held in This City.

The first annual national convention of the Ladies' Auxilliary of the Order of Railway Conductors is in session in this city this week, and is being attended by a number of ladies from other cities. The convention met at the hall of the railroad conductors on Monday afternoon, and daily sessions have been held every day since then. Business of an important and interesting character to the order has been transacted, and the meeting of the body will probably close to-morrow.

The order is in the infancy of its existence, having been formed only a year ago. It is composed of the wives of the men who handle the tickets and collect the fares of passengers and has for its object the advancement of the interests of their husbands, socially and otherwise. It has been officered during the past year as follows:

Worthy president, Mrs. Ed. Erickson; worthy vice-president, Mrs. James Brice; secretary and treasurer, Mrs. Wm. Anderson; senior sister, Mrs. Ben. Stonecipher; junior sister, Mrs. Ph. Tremmel; worthy guard, Mrs. G. M. Sauer.

The ladies are revising the constitution of their order and a great part of their time is spent in discussions upon this subject. Conseqnently when a SENTINEL reporter called at the hall this morning he found them engaged in a very animated debate. He sent his card into the president, Mrs. Ed Erickson, however, and that lady responding, gave him the information about their meetings in a pleasant way.

Among the prominent delegates in attendance at the convention are Mrs. Edward Butcher, of Creston, Iowa; Mrs. A. W. Brown and Mrs. Frank Northway, of Elkhart, Ind., and Mrs. Charles Ragan and Mrs. W. E. Higgins, of Columbus, O.

The visiting ladies have had a very pleasant time while in the city. Monday evening, with the ladies of the order in this city and their husbands, they were entertained at the home of Mrs. Erickson, on Dawson street, and Tuesday evening at the home of Mrs. Frank Barney on Wells street, Wednesday evening at the home of Mrs. G. M. Sauer, on Horace street and this evening they will be entertained at the home of Mrs. A. Gates on Harrison street. Pleasant features of these evening gatherings have been the vocal and instrumental music of Miss Lillie Sanborn and Miss Edmonds, and others.

The association will elect officers for the ensuing year before they adjourn.

That Tired Feeling.

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

Hon. F. P. Randall, C. E Graves and H. W. Mordhurst were delegates to the Episcopal diocesan convention at Indianapolis.

Eczema, or Pimples on the Face.

Occurs mostly in young people about the age of puberty, and is an inflammation and filling up of the sebaceous glands of the skin. In almost all cases the blood is impure. Loose's Extract Red Clover Blossons will cure them without fail.

The young ladies and gentlemen of the St. Paul's Catholic church, have arranged for a grand festival to occur soon.

Head Off Doctors.

What will do it? A free trial package of Lane's Family Medicine, which you can get from any druggist. This is a new and wonderful medicine, discovered in the Rocky Mountains by Dr. Silas Lane. All druggists sell it.

"CONVERSATION warms the mind," said Benjamin Franklin. That won't do for children, however. The slipper or boot-jack beats conversation all hollow.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

THUSSDAY, JUNE 6. 1889.

GOSSIP AS GATHERED

During a Morning Tour Around the Railroads and Manufactories of the City.

The tracks in the Pittsburg round house are being repaired.

The Caledonians will excurt to Rome City on the 21st of this month.

Fred Nohrwald, of the Bass moulding rooms, went to Rome City this morning.

Eight car loads of emigrants went west on the Pittsburg road this morning.

The Zion Lutheran church excursion took 111 people to Rome City this morning.

G. M. Graydon, traveling auditor of the Nickel Plate, was in the city yesterday.

The through freight business on the railroads is very poor at the present time.

Yardmaster S. A. Grable, of the Nickel Plate, is remodeling his residence on West Wayne street.

James Brice, conductor on the Nickel [redacted] with his family.

The Fort Wayne Furniture company sent a big order of folding beds to Washington territory yesterday.

Wm. Windsor, switchman on the Pennsylvania railroad, is at Richmond, attending the funeral of his sister.

John Murray, an employe of the Old Fort Manufacturing company, has recently invented a new folding bed.

O. R. Ellenwood, engineer on the Pittsburg road, resumed his duties this morning after having been sick for three weeks.

Henry Mennewisch, machinist at the Pittsburg shops, who has been confined to his home for some time with rheumatism, is improving slowly.

The Pennsylvania company will next week introduce natural gas into their shops at Logansport, and September next into their shops in this city.

The Nickel Plate road has experienced no trouble from high waters and is reaping a harvest on east-bound freight while the Pittsburg is blockaded.

C. Cramer, a machinist at the Pittsburg shops, in company with his family, who have been visiting friends at Crestline, Ohio, for the past week, returned home last night.

The foot race between G. A. Schmoll and B. J. Coyle, two popular machinists of the Pittsburg shops, will come off Saturday at 4:45 p. m., sharp. Heavy betting is being done on both sides.

M. M. M. Slattery, of the Jenney electric light works, has secured patents on an electric meter for alternate currents. The inventor has turned over his rights to the Fort Wayne company. The invention is a valuable one.

Casper Lerch, switchman on the Pittsburg, is filling the place of August Emerick, as watchman at the Lafayette street crossing, during the latters absence in Pennsylvania, whither he went to look after his relatives drowned in the Johnstown flood.

For several years past the Wabash management has to some extent observed the Sabbath in the matter of running trains, General Superintendent Wade being in favor of so doing, and as their competitors are moving in the same direction he has issued orders that as little Sunday work be done as possible.

The funeral of the late Engineer James W. Hoyt took place from the Christian church at Andrews this afternoon, at 3 o'clock, Rev. Lambert officiating. The funeral was under the charge of the Masons and the Odd Fellows. The G. A. R. and Brotherhood of Locomotive Engineers attended in a body.

T. J. Rodabaugh, Chas. W. Howiy, H. Kircherfer, G. H. Judy, J. C. Hewes, B. Fitzpatrick, S. C. Henderson, O. E. Bradway, E. Cox and James A. Graham were selected yesterday as a committee, representing the Pittsburg shop men, to wait on Master Mechanic Potter with a petition for an excurson to Warsaw on the 22nd of this month.

Ten freight handlers at the Pittsburg freight house were discharged yesterday on account of poor business in that line on the road. The eastern floods have had an injurious effect on through freight, and there is but little of it. It is thought the reduction of forces will extend to other departments of the road, and it may strike the company's great shops in this city. The Nickel Plate, as was noted in our local columns yesterday, discharged one-third of its force and some such movement on the Pennsylvania is looked for before long.

Frank Rohrer and Fred Armack, two fellows well met, have for some time been arranging with the Nickel Plate railroad for a conveyance to Chicago, but for some reason satisfactory terms could not be agreed upon. The boys want to go to Salt Lake City on account of their health, and it seems they got off, for they were last seen by members of the Q. & O. club, of which organization they are members, walking the ties towards Chicago. They want to reach Salt Lake City by June 30, as on that date they have arranged for a conference with the Mormon king. If the walking remains good the boys will reach their destination on time.

The Evansville, Fort Wayne and Chicago road was incorporated at Indianapolis yesterday and is to run from Evansville to Fort Wayne, passing into or through the counties of Vanderberg, Posey, Warrick, Gibson, Pike, Daviess, Knox, Sullivan, Green, Clay, Putnam, Montgomery, Fountain, Tippecanoe, Carroll, Cass, Miami, Wabash, Huntington and Allen. It is to be constructed on or near the line of the old Wabash and Erie canal from the point where the same crosses the northern line of Warren county to Fort Wayne. The estimated length is 330 miles. Directors: Milton Shirk, Peru; Charles B. Knowlton, Logansport; R. A. Edwards, Peru; A. N. Dukes, Peru; T. J. Immel, Logansport; Henry Jamison, Indianapolis, and G. R. Chamberlain, Peru.

Boils, pimples, hives, ringworms, tetter, and all other manifestations of impure blood are cured by Hood's Sarsaparilla.

In reversing the case of Lange vs. Dammier, briefly noted yesterday, Judge Berkshire, of the supreme court, holds: "Upon failure to file a bond in an action to contest a will, the court should dismiss the proceedings, but as the filing of a bond is not a condition precedent to the right of the court to exercise jurisdiction, whenever a sufficient bond is tendered it should be accepted. The bond relates to the commencement of the action. 2. That a pleading is not verified cannot be reached by motion in arrest of judgment when no objection had been made. The proper practice is to move for its rejection for want of verification."

A PRETTY WEDDING.

Marriage of Miss Edith Brackenridge to Mr. Harry Cary.

The marriage of Miss Edith, daughter of Judge and Mrs. Joseph Brackenridge, to Mr. Harry Ellsworth Cary, at the home of the bride, last night, recorded one of the prettiest weddings of this or any other season.

The bride was attended by the Misses Florence Malotte, of Indianapolis, Mary Randall, of this city, and Alice Carpenter, of Louisville. Beside the groom stood Edward Cary, of Denver, Col., C. W. Hull, of Omaha, Charles McDougal and Will T. Brackenridge, of this city.

Some sixty invitations were issued and most all of them found acceptance, so that a brilliant company was entertained.

DEATHS AND DOLLARS!

Reliable Estimates Given of the Loss of Both in the Great Pennsylvania Calamity.

HUNTINGDON, Pa., June 6.—The devastation in Central Pennsylvania is very great. Not a house is left that stood within reach of the swollen streams here. The damage is $500,000, while other towns in the country suffered correspondingly. A. L. Roberts' immense tannery, at Mapleton, was damaged $200,000. Other losses will reach $100,000 more. The Powell furnace, at Saxton, lost $300,000 and both the railroads and county bridges were swept away. Four miles of the Pennsylvania tracks are destroyed, with bridges gone at Mays, Mansmuk and Lewiston, the latter bridge going down last night. Growing crops in the low lands were destroyed. Relief committees are seeking assistance for destitute and assistance is coming slowly. Three families, comprising sixteen persons, named Haffner and Montgomery, are missing and it is believed they were swept away with their homes.

THE CUMBERLAND VALLEY.

CUMBERLAND, Md., June 6.—The flood in the Cumberland valley has passed and the loss is estimated at $300,000. No loss of life. Captain Pratt, manager of the government Indian training school of this city, telegraphed Governor Beaver offering his own and the services of 100 Indian men, trained nurses, with six assistant Indian girl nurses, anywhere in the flooded district, with their own rations and tents.

Governor Beaver replied, thanking Captain Pratt, saying he was well supplied with laborers and nurses, adding: "The tables have turned in the Indian problem. Your generous offer I treat as a harbinger of the coming of a better relation between them and the white man."

THE CORONER'S JURY.

JOHNSTOWN, Pa., June 6.—Coroner Hammer, of West Moreland county, with the jury empannoled at Nineveh Saturday, has been taking testimony there, and yesterday inspected the dam, at the lake on the South Fork branch of the Conemaugh. Witnesses testified that a quantity of straw, loose clay and stones were dumped in the dam to repair a break about three years ago. These witnesses considered the dam unsafe. Witnesses also testified that the dam was condemned six years ago. There is doubt that the jury will hold the club responsible.

RELICS PICKED UP.

PORTSMOUTH, Ohio, June 6.—A large number of relics of the Johnstown disaster were picked up at this point in the floating drift. At Sciotoville a pocketbook containing $5.20, a set of silver spoons marked "S. Y.," a bank-book of the First National of Johnstown, with a credit to Nathan Dyer and two locks of hair, mementoes of lost loved ones, were found.

THE FEARFUL LOSS OF LIVES AND PROPERTY.

JOHNSTOWN, Pa., June 6.—The loss of life by the floods in the towns of Mineral Point, Franklin borough, East Conemaugh, Woodvale, Kernville, Cambria, Minersville, Morrollville, Sheridan and Coopersdale, which, with Johnstown, constitute the string of communities in the direct path of the flood, was about 2,000 and the loss of property about $6,000,000.

Johnstown proper and Millvale will possibly add 7,000 to the death list and about $18,000,000 to the financial loss. The Pennsylvania railroad's loss will be about $10,000,000; making the total loss, as near as it can now be figured, over 9,000 lives and more than $34,000,000 of property.

The loss of life at Johnstown proper is but little more than a guess. It is too large a place for anybody to know everybody and the survivors are so scattered that the registration of the living, which has reached 12,000 in the district, indicates nothing. The loss in the smaller towns is obtained from leading men in each, who have in a measure got their heads again and are able to think with some coolness.

In detail the loss falls as follows:

Towns.	Lives.	Property.
Mineral Point	16	$ 100,000
East Conemaugh and Franklin	38	193,000
Woodvale	300	850,000
Johnstown	7,000	18,000,000
Millvale	600	800,000
Kernville	1,000	700,000
Cambria		
Minersville	8	180,000
Morrellville	1	10,000
Sheridan and Coopersville	....	75,000
Pennsylvania Railroad Co.		10,000,000
Total	8,963	$30,858,000

Pochahin, of Washington, who built the Gautier steel works, and up to January, 1888, was general superintendent of the Cambira iron works at Johnstown, said last evening: "The loss sustained in round numbers, I should think, would reach $30,000,000. I doubt if twenty years will enable the valley to recover from the awful shock which is almost too horrible to realize."

W. I. Steele, secretary of the West Moreland and Cambria Natural Gas company, said: "Our company alone cannot replace its plant which has been washed out for less than $175,000."

Postmaster Bauman, of Johnstown, who knew every building in it, and was a stockholder in a large number of manufactories and mercantile concerns in the valley, said: "I think that $20,000,000 will be found a very low estimate of Johnstown's financial loss. I am trustee for the largest estate in Johnstown and know what I am talking about when I make this estimate."

USING DYNAMITE.

At 10 o'clock this morning the platoon men who have charge of the wreckage above the bridge, loosened up the debris by a blast of twenty-five large dynamite cartridges, making it possible to open the mouth of the old channel. The day express, which was swept away at Conemaugh, was also found, and it is shown that more lives were lost than at first supposed.

AID BROUGHT.

HARRISBURG, June 6.—Governor Beaver sent a dispatch from Harrisburg saying that he has succeeded in reaching Williamsport with seven car loads of provisions. He says the flooded people are greatly in need of help and everything sent in the shape of money and provisions will be judiciously used.

MILITARY ORDERED OUT.

PITTSBURG, Pa., May 6.—General Hastings has ordered Battery B to Johnstown at once. The Eighteenth regiment has been ordered under arms, prepared to leave for Johnstown at a moment's notice. The occasion for this action has not been ascertained.

DISTRIBUTION OF PROVISIONS.

JOHNSTOWN, Pa., June 6.—There is a scarcity of provisions here this morning. Not, probably, because the stuff is not somewhere on the ground, but because it was not distributed properly. Plenty of people are running around at the west end of the bridge asking for something to eat.

The American club relief corps cars are at Morrellville and they are taking care of all the needy people in that district. Both Superintendent Flinn's and Captain Jones' supplies for the men are all right. The provisions wanted are for people who are willing to buy, but can't find any place from which anything is sold.

James B. Scott, chairman of the relief committee, has issued a new order this morning, positively forbidding any one from entering the town without a pass signed by him.

A GENEROUS DONATION.

W. J. Ellis, who represents the New York *Mail and Express*, this morning received a telegram from Elliott J. Shuppard, of New York, notifying him to direct Mayor Harral, or some other one of the authorities, to draw on him at once for $10,000.

Scarcity of food for the men, owing to a lack of utensils to cook with, caused

A SMALL SIZED RIOT

At the labor camp this morning. It was quelled, however, by a speech from Mr. Flynn, the contractor, who afterwards had the two ring leaders expelled from town. Tents for the laborers to sleep in are arriving from Washington, and fully 5,000 men are at work this morning.

In Cambria City, shortly after midnight last night, some drunken Italians caused trouble, and one company of the Fourteenth regiment, was sent to the scenes, but their services were not needed. Adjutant General Hastings says troops are needed only for guard duty, and denies the report that he has ordered the Tenth regiment out.

DAMAGES BY FLOOD.

WILLIAMSPORT, Pa., June 6.—The work of unloading the seven car-loads of supplies which arrived here yesterday evening, will be commenced this afternoon. Enough provisions are on the way here to last the people for several days. A very large class who lived in the principal places are not applying for relief, although they have lost all their household goods and clothing.

The Dover mills and the Blacks mills are gone and many dwellings and other buildings swept away. The Pine Creek railroad track is torn away and a large amount of the embankment washed away just west of the city.

At Salladesburg houses and mills were flooded and in some instances moved and greatly injured. Many bridges were carried away and great destruction caused at every point.

All along the line of the Philadelphia and Reading track through the city destruction meets the eye, many cars having been lifted from the track and torn to pieces. The number of houses toppled into heaps of rubbish cannot yet be stated, but it is quite large. Along the entire river lumber and other drifts are piled up as high as the houses. A car load of coal was carried a distance of five miles and left sticking on top of a piece of the boom.

WASHINGTON.

The President Sends in a Batch of Appointments.

WASHINGTON, June 6.—The president made the following appointments today:

Charles G. Williams, of Watertown, Dakota, register of the land office at Watertown, Dakota; M. E. Hunt, of Salem, Oregon, commissioner for the district of Alaska, to reside at Oonalashka, in the place of Robert S. Anderson, who declined the appointment; Dana C. Lamb, of Wisconsin, special agent to make allotments of lands in severalty to Indians, &c.; John D. Mills, of Lawrence, Kansas, a commissioner to negotiate with the Cherokee and other Indians for the occasion to the United States of certain lands.

A HOOSIER WOMAN.

Not Content With Having Been Married Eight Times, Indulges in a Shooting Scrape.

SHELBYVILLE, Ind., June 6.—Mrs. Mollie Corwin, who last week obtained a divorce from her seventh husband, whom she had married twice, distinguished herself again on Tuesday night, but this time in another manner. She shot George Parmer, badly wounding him and fatally shot his son, William. The men tried to gain admittance to the woman's house against her will.

Tickers Resumed.

NEW YORK, June 6.—It was learned yesterday that the conferences and meetings held by the members of the stock exchange and the officials of the Western Union Telegraph company resulted in arrangements whereby the "tinker" service will be resumed to-day. The stock exchange policy has virtually forced the Commercial Telegram company and the Gold and Stock company together.

Foreign News.

LONDON, June 6.—The street car drivers and other employes at Cardiff are on a strike and trouble is feared.

BRUSSELLS, June 6.—The Marchioness du Chastelles, belonging to one of the oldest of the notable families of Belgium, was found murdered in her bed at her residence, Chateau Moullesaix, at Mons, this morning. The crime has created great excitement.

Hotel Burned.

STEVENS POINT, Wis., June 6.—The St. James hotel, near the Wisconsin Central depot, caught fire shortly after eight o'clock last night, and was totally destroyed with all its contents. The night clerk, Charles Cathall and two of the girls, Maggie Reilly and one known as Nettie, are missing and there is little doubt that all three lost their lives. Loss of property $10,000.

Christians Butchered by Thousands.

LONDON, June 6.—Missionary letters to the anti-slavery society say that the Mahdis have made western Abyssinia a desert. Whole flocks and herds have been destroyed. Thousands of Christians have been thrown into slavery, thousands of others have been butchered, and hundreds of the noblest inhabitants have been taken to Mecca as salves, in violation of treaties.

Shot Herself to Death.

RICHMOND, Ind., June 6.—Mrs. Harmon Kollstedt, wife of a former Pan Handle engineer, shot herself dead during the temporary absence of the nurse. She gave birth Saturday night, and was suffering from puerperal fever, and had asked the doctor to chloroform her to death.

CHICAGO, June 6.—Chairman J. N. Abbott says the Western Passenger association will adhere to Grand Army rates already announced.

SULLIVAN'S MONEY!

Rich Developments Concerning the Funds in His Hands in 1881—The Cronin Inquest.

CHICAGO, June 6.—Some rich developments were brought out at the conference yesterday afternoon and evening in Coroner Hertz's office. Banker Smith's books were examined with a view of tracing the source and disposition of the large sums, said to be $60,000, that came into the hands of Alexander Sullivan in 1881. The money was spent partly in speculation and partly in personal expenses. Sullivan went abroad soon after it was spent and it was there he obtained the $100,000 additional, which was used by Lester & Co., for purposes of speculation. Dr. Cronin's papers will be presented to the jury today to show where the $100,000 came from.

The treasurer of the Irish revolutionary fund resided at the time in Paris, Sullivan, so the story goes, went to this man and demanded $100,000. The treasurer had not this amount of secret society funds. He was at the time custodian of other funds, however. The trustees of these funds were nearly all in jail in Ireland at the time, only one was out of jail. He was a revolutionist of the extreme type. He is said to have organized the Phoenix park murders, or to have assisted in that vile crime.

The American triangle man made his acquaintance and induced him to bring pressure on the revolutionary treasurer to borrow from his other friend to make up the $100,000. The money came to the New York bank through a Paris banker. That was proven yesterday. Dr. Cronin's papers will be read to-day in corroboration. Among the papers, it is said, is an abstract of testimony presented to the "No. 1" of the Phœnix Park murderers, showing that the treasurer in Paris was compelled to give up the money to the Chicago triangle man.

The effect of the presentation of these papers, it is said, will be to blast the career of a hitherto prominent Irish-American, not a resident of Chicago, and it is feared that the expose may also do much damage to the Irish home rule movement.

The other papers of Cronin's will further show that the Chicago tri-angle during the six or seven years of their evil rule squandered $350,000 of secret society funds.

The local treasurer of the Clan-na-Gael will testify as to the disposition of certain local funds.

It is probable that Larry Buckley, in his own defense, will also seek to go on the stand. The accusations made against him yesterday are most serious, and show that he had been a violent denouncer of Dr. Cronin.

P. O. Sullivan, Coughlin and Woodruff were arraigned before Judge Williams yesterday morning on the indictment found last Saturday, which was an amendment of the first one found, the change being the addition of the words, "and others unknown," to the names of the three men. All pleaded "not guilty."

The Cronin inquest was resumed at 10:13 o'clock this morning. Willard J. Smith, the young man who was for a time suspected of being Coughlin's friend from Michigan, was the first witness. Nothing new was developed by his testimony. One of the sensations promised for the day is the introduction of the books of the firm of T. J. Lester & Co., containing the account of the dealings of Alexander Sullivan with the concern.

Stewart L. Moore, a clerk in the employ of J. T. Lester & Co., was then called. He testified from a memorandum to certain transactions Alexander Sullivan had with the firm. They were chiefly in railroad stocks and covered a period from June 1, 1882, to February 28, 1883. The total trades showed a loss to Sullivan of between $50,000 and $80,000. The total amount of margins was $125,000.

Several other witnesses were examined, but their testimony covers the facts in the case already gone over in these dispatches.

Dan Lorden, the Nickel Plate brakeman who had a limb amputated at the St. Joe hospital recently by reason of an accident at Joliet, Ill., died of lockjaw, this morning at 5 o'clock. The Brakeman's Brotherhood, of which the deceased was a member, took charge of the body, and at their order, Messrs. Schoumann & Klasbu, the undertakers, will ship the remains this evening to South Bend, where Mr. Lorden made his home. He was a single man.

Susan Artis, a colored woman, was fined $1 and cost this morning by Justice Ryan, for provoking Cathering Falfore.

HONORED ABROAD.

Fort Wayne Men Voted Into Prominence at Indianapolis.

Fort Wayne was voted into prominence at Indianapolis yesterday through her citizens.

At the diocesan convention of the Episcopal church, the Rev. A. W. Seabrease was appointed with Revs. J. J. Faude, D. B. Ramsay, Hon. Wm. Mack and Senator Turpie to revise the constitution and canons and report next year. The Rev. Mr. Seabrease was also elected to a place on the board of missions. It was voted to hold the convention next June at Michigan City. The treasurer, Lewis B. Martin, reported receipts of the diocese during the past year $55,465.49; disbursements, enough to leave a balance of $3,255.30 in the treasury.

At the state Pharmaceutical convention, Mr. Wm. Ranke, of this city, was elected second vice-president and Mr. W. Otto Gruss was chosen to a place on the executive committee.

At the Pythian grand lodge meeting, Dr. E. L. Siver and Mr. J. A. N. Frentzel, were elected district deputies and Dr. Sites, as noted yesterday, was chosen grand warden.

THE SENTINEL rejoices at the honors heaped on citizens of Fort Wayne.

THURSDAY, JUNE 6, 1889.

INDIANA is doing nobly for the flood sufferers.

ARE we going to have a Fourth of July celebration?

TAGGART bobs up again to share in the sensations of the day.

WITH other summer complaints comes Ada Gray in "East Lynne."

RESERVOIR lakes will not be popular in this country for some years.

NEW wheat is now being received in the San Francisco market, and the crop is excellent.

THE Philadelphia *Times* asserts that food and clothing are wanted as much as anything at Johnstown.

"He who giveth to the poor lendeth to the Lord." If you like the security attend the relief meeting to-night and subscribe your dust.

THE sugar trust has squeezed the price up another notch. This is a sweet morsel for the gentlemen who pronounced trusts private affairs.

SIX of seven republican newspapers have announced Congressman McKinley for president in 1890. Isn't this treason to the powers that be?

THE city of Indianapolis is financially embarrassed by the fact that the council refused to increase the liquor license, a certainty.

MAYOR HARDING has called a meeting this evening to organize for the purpose of aiding the flood sufferers. The cause is pre-eminently a worthy one and should meet with the strongest support.

IT is looking a little uncomfortable for Alexander Sullivan, of Chicago, and it may be that other prominent Irishmen were back of the Cronin murder. The Irish cause needs no assassin.

PROFESSIONAL men, business men, manufacturers, farmers, everybody, can contribute something to the collection of accurate statistics for the census next year, and should arrange for it at once.

IT is fearful to contemplate Captain Schaack and other prominent police officers at Chicago, conniving to shield the Cronin murderers, and yet such is the case. To what depths some men will fall.

THE Cronin murder seems to have some influential men behind it. Chicago must bring the murderers to the bar of justice, if it costs the resignation of the whole police force and the liberty of a dozen "leading Irishmen."

THE Little River ditch is published as a failure, but the Huntington *Democrat* believes it might be as well, however, to reserve judgment until the work is completed. The statement is made that when finished the ditch will perform its work in a very different manner.

THERE is talk of holding the club which constructed the Conemaugh dam responsible so far as possible for property damage inflicted by the recent flood and this loss is estimated now at $40,000,000. The wealthy gentlemen who own the property may find their fishing very expensive.

UPWARDS of 1,000 workmen at the Homestead steel plant of Carnegie & Co., Pittsburg, have accepted the 20 per cent. reduction in wages and will go back to work June 10. The scale is to remain in effect three years, or until it is time for the republican orators to paint the future a bright tariff hue.

JOHN L. GRIFFITHS, reporter of the supreme court, has tendered to the secretary of state 520 copies of the legislative reports, under the provisions of the old law. The secretary, as Mr. Griffiths expected, has refused to accept them because the reports are not prepared in accordance with the act of the last legislature. The matter will be brought before the supreme court for final settlement.

THE old story of the failure of the police alarm boxes is brought into prominence again. The system is out of repair because the city is without an electrician to attend to it. The station house clerks, too, are not provided with books and records, nor are they required to keep the promised criminal calendar. The whole affair is crude and incomplete. This is a pretty way to dispose of the people's money.

EX-MARSHAL OWSTON and Deputy Sheriff Buck Stanley, of Logansport, were arrested yesterday afternoon, by a deputy United States marshal, charged with preventing one John Black, from casting a ballot at the last general election. Black was regarded as a tramp, and as such was denied the right of suffrage. This, of course, has no weight with the republicans who are seeking to punish the Logansport gentlemen because they are democrats, while republican rascals are liberated by Judge Woods.

Esquire Ryan fined Henry Rogers for provoking Frank Glazier.

CONVENTION OF LADIES.

The First National Convention of the L. A. of the O. R. C. Being Held in This City.

The first annual national convention of the Ladies' Auxiliary of the Order of Railway Conductors is in session in this city this week, and is being attended by a number of ladies from other cities. The convention met at the hall of the railroad conductors on Monday afternoon, and daily sessions have been held every day since then. Business of an important and interesting character to the order has been transacted, and the meeting of the body will probably close to-morrow.

The order is in the infancy of its existance, having been formed only a year ago. It is composed of the wives of the men who handle the tickets and collect the fares of passengers and has for its object the advancement of the interests of their husbands, socially and otherwise. It has been officered during the past year as follows:

Worthy president, Mrs. Ed. Erickson; worthy vice-president, Mrs. James Brice; secretary and treasurer, Mrs. Wm. Anderson; senior sister, Mrs. Ben. Stonecipher; junior sister, Mrs. Ph. Tremmel; worthy guard, Mrs. G. M. Sauer.

The ladies are revising the constitution of their order and a great part of their time is spent in discussions upon this subject. Consequently when a SENTINEL reporter called at the hall this morning he found them engaged in a very animated debate. He sent his card into the president, Mrs. Ed Erickson, however, and that lady responding, gave him the information about their meetings in a pleasant way.

Among the prominent delegates in attendance at the convention are Mrs. Edward Butcher, of Creston, Iowa; Mrs. A. W. Brown and Mrs. Frank Northway, of Elkhart, Ind., and Mrs. Charles Ragan and Mrs. W. E. Higgins, of Columbus, O.

The visiting ladies have had a very pleasant time while in the city. Monday evening, with the ladies of the order in this city and their husbands, they were entertained at the home of Mrs. Erickson, on Dawson street, and Tuesday evening at the home of Mrs. Frank Barney on Wells street, Wednesday evening at the home of Mrs. G. M. Sauer, on Horace street and this evening they will be entertained at the home of Mrs. A. Gates on Harrison street. Pleasant features of these evening gatherings have been the vocal and instrumental music of Miss Lillie Sanborn and Miss Edmonds, and others.

The association will elect officers for the ensuing year before they adjourn.

Railroad and express companies will forward all supplies free of charge.

Mayor.

Although it is several days since the flood disaster, great interest is manifested for the welfare of its victims and the meeting to-night promises to be productive of much good, as it should.

That Tired Feeling.

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

Hon. F. P. Randall, C. E. Graves and H. W. Mordhurst were delegates to the Episcopal diocesan convention at Indianapolis.

Eczema, or Pimples on the Face.

Occurs mostly in young people about the age of puberty, and is an inflammation and filling up of the sebaceous glands of the skin. In almost all cases the blood is impure. Lowe's Extract Red Clover Blossoms will cure them without fail.

The young ladies and gentlemen of the St. Paul's Catholic church, have arranged for a grand festival to occur soon.

All druggists sell it.

"CONVERSATION warms the mind," said Benjamin Franklin. That won't do for children, however. The slipper or boot-jack beats conversation all hollow.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is concocted down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it; but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

GOSSIP AS GATHERED

During a Morning Tour Around the Railroads and Manufactories of the City.

The tracks in the Pittsburg round house are being repaired.

The Caledonians will excurt to Rome City on the 21st of this month.

Fred Nohrwald, of the Bass moulding rooms, went to Rome City this morning.

Eight car loads of emigrants went west on the Pittsburg road this morning.

The Zion Lutheran church excursion took 111 people to Rome City this morning.

G. M. Graydon, traveling auditor of the Nickel Plate, was in the city yesterday.

The through freight business on the railroads is very poor at the present time.

Yardmaster S. A. Grable, of the Nickel Plate, is remodeling his residence on West Wayne street.

James Brice, conductor on the Nickel Plate, had jet black hair, moustache and beard. That night he had a battle with the waters. On Saturday morning his hair and beard began to turn gray, and now...well streaked with

The Fort Wayne Furniture company sent a big order of folding beds to Washington territory yesterday.

Wm. Windsor, switchman on the Pennsylvania railroad, is at Richmond, attending the funeral of his sister.

John Murray, an employe of the Old Fort Manufacturing company, has recently invented a new folding bed.

O. R. Ellenwood, engineer on the Pittsburg road, resumed his duties this morning after having been sick for three weeks.

Henry Meinewisch, machinist at the Pittsburg shops, who has been confined to his home for some time with rheumatism, is improving slowly.

The Pennsylvania company will next week introduce natural gas into their shops at Logansport, and September next into their shops in this city.

The Nickel Plate road has experienced no trouble from high waters and is reaping a harvest on east-bound freight while the Pittsburg is blockaded.

C. Cramer, a machinist at the Pittsburg shops, in company with his family, who have been visiting friends at Crestline, Ohio, for the past week, returned home last night.

The foot race between G. A. Schmull and B. J. Coyle, two popular machinists of the Pittsburg shops, will come off Saturday at 4:45 p. m., sharp. Heavy betting is being done on both sides.

M. M. M. Slattery, of the Jenney electric light works, has secured patents on an electric motor for alternate current. The inventor has turned over his rights to the Fort Wayne company. The invention is a valuable one.

Casper Lerch, switchman on the Pittsburg, is filling the place of August Emorick, as watchman at the Lafayette street crossing, during the latters absence in Pennsylvania, whither he went to look after his relatives drowned in the Johnstown flood.

For several years past the Wabash management has to some extent observed the Sabbath in the matter of running trains, General Superintendent Wade being in favor of so doing, and as their competitors are moving in the same direction he has issued orders that as little Sunday work be done as possible.

The funeral of the late Engineer James W. Hoyt took place from the Christian church at Andrews this afternoon, at 3 o'clock, Rev. Lambert officiating. The funeral was under the charge of the Masons and the Odd Fellows. The G. A. R. and Brotherhood of Locomotive Engineers attended in a body.

T. J. Rodabaugh, Chas. W. Howiy, H. Kircherfer, G. H. Judy, J. C. Hewes, B. Fitzpatrick, S. C. Henderson, O. E. Brudway, E. Cox and James A. Graham were selected yesterday as a committee, representing the Pittsburg shop men, to wait on Master Mechanic Potter with a petition for an excursion to Warsaw on the 22nd of this month.

Ten freight handlers at the Pittsburg freight house were discharged yesterday on account of poor business in that line on the road. The eastern floods have had an injurious effect on through freight, and there is but little of it. It is thought the reduction of forces will extend to other departments of the road, and it may strike the company's great shops in this city. The Nickel Plate, as was noted in our local columns yesterday, discharged one-third of its force and some such movement on the Pennsylvania is looked for before long.

Frank Rohrer and Fred Armack, two fellows well met, have for some time been arranging with the Nickel Plate railroad for a conveyance to Chicago, but for some reason satisfactory terms could not be agreed upon. The boys want to go to Salt Lake City on account of their health, and it seems they got off, for they were last seen by members of the Q. & O. club, of which organization they are members, walking the ties towards Chicago. They want to reach Salt Lake City by June 30, as on that date they have arranged for a conference with the Mormon king. If the walking remains good the boys will reach their destination on time.

The Evansville, Fort Wayne and Chicago road was incorporated at Indianapolis yesterday and is to run from Evansville to Fort Wayne, passing into or through the counties of Vanderberg, Posey, Warrick, Gibson, Pike, Daviess, Knox, Sullivan, Green, Clay, Putnam, Montgomery, Fountain, Tippecanoe, Carroll, Cass, Miami, Wabash, Huntington and Allen. It is to be constructed on or near the line of the old Wabash and Erie canal from the point where the same crosses the northern line of Warren county to Fort Wayne. The estimated length is 330 miles. Directors: Milton Shirk, Peru; Charles B. Knowlton, Logansport; R. A. Edwards, Peru; A. N. Dukes, Peru; T. J. Immel, Logansport; Henry Jamison, Indianapolis, and G. R. Chamberlain, Peru.

Boils, pimples, hives, ringworms, tetter, and all other manifestations of impure blood are cured by Hood's Sarsaparilla.

THURSDAY, JUNE 6, 1889.

INDIANA is doing nobly for the flood sufferers.

ARE we going to have a Fourth of July celebration?

TAGGART bobs up again to share in the sensations of the day.

WITH other summer complaints comes Ada Gray in "East Lynne."

RESERVOIR lakes will not be popular in this country for some years.

NEW wheat is now being received in the San Francisco market, and the crop is excellent.

THE Philadelphia *Times* asserts that food and clothing are wanted as much as anything at Johnstown.

"HE who giveth to the poor leadeth to the Lord." If you like the security attend the relief meeting to-night and subscribe your first.

THE sugar trust has squeezed the prices up another notch. This is a sweet morsel for the gentlemen who pronounced trusts private affairs.

SIX or seven republican newspapers have announced Congressman McKinley for president in 1890. Isn't this treason to the powers that be?

THE city of Indianapolis is financially embarrassed by the fact that the council refused to increase the liquor license, a thing the city officers counted as a certainty.

MAYOR HARDING has called a meeting this evening to organize for the purpose of aiding the flood sufferers. The cause is pre-eminently a worthy one and should meet with the strongest support.

IT is looking a little uncomfortable for Alexander Sullivan, of Chicago, and it may be that other prominent Irishmen were back of the Cronin murder. The Irish cause needs no assassin.

PROFESSIONAL men, business men, manufacturers, farmers, everybody, can contribute something to the collection of accurate statistics for the census next year, and should arrange for it at once.

IT is fearful to contemplate Captain Schaack and other prominent police officers at Chicago, conniving to shield the Cronin murderers, and yet such is the case. To what depths some men will fall.

THE Cronin murder seems to have some influential men behind it. Chicago must bring the murderers to the bar of justice, if it costs the resignation of the whole police force and the liberty of a dozen "leading Irishmen."

THE Little River ditch is published as a failure, but the Huntington *Democrat* believes it might be as well, however, to reserve judgment until the work is completed. The statement is made that when finished the ditch will perform its work in a very different manner.

THERE is talk of holding the club which constructed the Conemaugh dam responsible so far as possible for property damage inflicted by the recent flood and this loss is estimated now at $40,000,000. The wealthy gentlemen who own the property may find their fishing very expensive.

UPWARDS of 1,000 workmen at the Homestead steel plant of Carnegie & Co., Pittsburg, have accepted the 20 per cent. reduction in wages and will go back to work June 10. The scale is to remain in effect three years, or until it is time for the republican orators to paint the future a bright tariff hue.

JOHN L. GRIFFITHS, reporter of the supreme court, has tendered to the secretary of state 520 copies of the legislative reports, under the provisions of the old law. The secretary, as Mr. Griffiths expected, has refused to accept them because the reports are not prepared in accordance with the act of the last legislature. The matter will be brought before the supreme court for final settlement.

THE old story of the failure of the police alarm boxes is brought into prominence again. The system is out of repair because the city is without an electrician to attend to it. The station house clerks, too, are not provided with books and records, nor are they required to keep the promised criminal calendar. The whole affair is crude and incomplete. This is a pretty way to dispose of the people's money.

EX-MARSHAL OWSTON and Deputy Sheriff Buck Stanley, of Logansport, were arrested yesterday afternoon, by a deputy United States marshal, charged with preventing one John Black, from casting a ballot at the last general election. Black was regarded as a tramp, and as such was denied the right of suffrage. This, of course, has no weight with the republicans who are seeking to punish the Logansport gentlemen because they are democrats, while republican rascals are liberated by Judge Woods.

Esquire Ryan fined Henry Rogers for provoking Frank Glazier.

CONVENTION OF LADIES.

The First National Convention of the L. A. of the O. R. C. Being Held in This City.

The first annual national convention of the Ladies' Auxilliary of the Order of Railway Conductors is in session in this city this week, and is being attended by a number of ladies from other cities. The convention met at the hall of the railroad conductors on Monday afternoon, and daily sessions have been held every day since then. Business of an important and interesting character to the order has been transacted, and the meeting of the body will probably close to-morrow.

The order is in the infancy of its existance, having been formed only a year ago. It is composed of the wives of the men who handle the tickets and collect the fares of passengers and has for its object the advancement of the interests of their husbands, socially and otherwise. It has been officered during the past year as follows:

Worthy president, Mrs. Ed. Erickson; worthy vice-president, Mrs. James Brice; secretary and treasurer, Mrs. Wm. Anderson; senior sister, Mrs. Ben. Stonecipher; junior sister, Mrs. Ph. Trommel; worthy guard, Mrs. G. M. Sauer.

The ladies are revising the constitution of their order and a great part of their time is spent in discussions upon this subject. Consequently when a SENTINEL reporter called at the hall this morning he found them engaged in a very animated debate. He sent his card into the president, Mrs. Ed Erickson, however, and that lady responding, gave him the information about their meetings in a pleasant way.

Among the prominent delegates in attendance at the convention are Mrs. Edward Butcher, of Creston, Iowa; Mrs. A. W. Brown and Mrs. Frank Northway, of Elkhart, Ind., and Mrs. Charles Ragan and Mrs. W. E. Higgins, of Columbus, O.

The visiting ladies have had a very pleasant time while in the city. Monday evening, with the ladies of the order in this city and their husbands, they were entertained at the home of Mrs. Erickson, on Dawson street, and Tuesday evening at the home of Mrs. Frank Barney on Wells street, Wednesday evening at the home of Mrs. G. M. Sauer, on Horace street and this evening they will be entertained at the home of Mrs. A. Gates on Harrison street. Pleasant features of these evening gatherings have been the vocal and instrumental music of Miss Lillie Sanborn and Miss Edmonds, and others.

The association will elect officers for the ensuing year before they adjourn.

A CALL FOR AID.

Railroad and express companies will forward all supplies free of charge.

DANIEL L. HARDING,

Although it is several days since the flood disaster, great interest is manifested for the welfare of its victims and the meeting to-night promises to be productive of much good, as it should.

That Tired Feeling.

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

Hon. F. P. Randall, C. E. Graves and H. W. Mordhurst were delegates to the Episcopal diocesan convention at Indianapolis.

Eczema, or Pimples on the Face.

Occurs mostly in young people about the age of puberty, and is an inflammation and filling up of the sebaceous glands of the skin. In almost all cases the blood is impure. Louse's Extract Red Clover Blossoms will cure them without fail.

The young ladies and gentlemen of the St. Paul's Catholic church, have arranged for a grand festival to occur soon.

Head Of Doctors.

When she had Children, she gave them Castoria,

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

The funeral of the late Engineer James W. Hoyt took place from the Christian church at Andrews this afternoon, at 3 o'clock, Rev. Lambert officiating. The funeral was under the charge of the Masons and the Odd Fellows. The G. A. R. and Brotherhood of Locomotive Engineers attended in a body.

T. J. Rodabaugh, Chas. W. Howiy, H. Kirnherfer, G. H. Judy, J. C. Hewes, R. Fitzpatrink, S. C. Hondorson, O. E. Bradway, E. Cox and James A. Graham were selected yesterday as a committee, representing the Pittsburg shop men, to wait on Master Mechanic Potter with a petition for an excursion to Warsaw on the 22nd of this month.

Ten freight handlers at the Pittsburg freight house were discharged yesterday on account of poor business in that line on the road. The eastern floods have had an injurious effect on through freight, and there is but little of it. It is thought the reduction of forces will extend to other departments of the road, and it may strike the company's great shops in this city. The Nickel Plate, as was noted in our local columns yesterday, discharged one-third of its force and some such movement on the Pennsylvania is looked for before long.

Frank Rohrer and Fred Armack, two fellows well met, have for some time been arranging with the Nickel Plate railroad for a conveyance to Chicago, but for some reason satisfactory terms could not be agreed upon. The boys want to go to Salt Lake City on account of their health, and it seems they got off, for they were last seen by members of the Q. & O. club, of which organization they are members, walking the ties towards Chicago. They want to reach Salt Lake City by June 30, as on that date they have arranged for a conference with the Mormon king. If the walking remains good the boys will reach their destination on time.

The Evansville, Fort Wayne and Chicago road was incorporated at Indianapolis yesterday and is to run from Evansville to Fort Wayne, passing into or through the counties of Vanderburg, Posey, Warrick, Gibson, Pike, Daviess, Knox, Sullivan, Green, Clay, Putnam, Montgomery, Fountain, Tippecanoe, Carroll, Cass, Miami, Wabash, Huntington and Allen. It is to be constructed on or near the line of the old Wabash and Erie canal from the point where the same crosses the northern line of Warren county to Fort Wayne. The estimated length is 330 miles. Directors: Milton Shirk, Peru; Charles B. Knowlton, Logansport; R. A. Edwards, Peru; A. N. Dukes, Peru; T. J. Immel, Logansport; Henry Jamison, Indianapolis, and G. R. Chamberlain, Peru.

Inventions of the 19th Century.

The steamboat, the reaper, the sewing machine,
Cars running by night and day,
Houses lighted by gas and heated by steam,
And bright electricity's ray.
The telegraph's click speeds like lightning released,
Then the telephone comes to excel it.
And, to put on the finish, the last but not least,
Is the famed little Purgative Pellet.

Last but not least is Dr. Pierce's Pleasant Purgative Pellet, because it relieves human suffering, adds to the sum of human comfort, and enables the relieved sufferer to enjoy all the blessings and luxuries of the age we live in.

Dr. George B. M. Bower, who has located in the residence and office rooms on Harrison street, formerly occupied by Dr. T. S. Virgil, has fears that his parents, who live near Williamsport, Pa., were either drowned by the floods there or are sufferers. He usually receives a letter from his old home every week, but he has not heard from there for the last two weeks. Williamsport was a great sufferer by the flood. Dr. Bower is a brother of Mr. Bower, who is to take the general secretaryship of the city Y. M. C. A. in August.

The Fort Wayne friends of Lieutenant Chas. McQuiston, of this city, will read this clipping from the Logansport *Pharos* with interest: "Invitations have been issued to the wedding of Miss Laura F. Fitch, of this city, to Lieutenant Charles McQuiston, of the United States army. The marriage of the couple will occur at the Trinity Episcopal church at 8 o'clock on Thursday evening, June 13th. The prospective bride is a daughter of Mrs. Henry S. Fitch, and a grand daughter of United States Senator O. N. Fitch."

In reversing the case of Lange vs. Dammler, briefly noted yesterday, Judge Berkshire, of the supreme court, holds: "Upon failure to file a bond in an action to contest a will, the court should dismiss the proceedings, but as the filing of a bond is not a condition precedent to the right of the court to exercise jurisdiction, whenever a sufficient bond is tendered it should be accepted. The bond relates to the commencement of the action. 2. That a pleading is not verified cannot be reached by motion in arrest of judgment when no objection had been made. The proper practice is to move for its rejection for want of verification."

A PRETTY WEDDING.

Marriage of Miss Edith Brackenridge to Mr. Harry Cary.

The marriage of Miss Edith, daughter of Judge and Mrs. Joseph Brackenridge, to Mr. Harry Ellsworth Cary, at the home of the bride, last night, recorded one of the prettiest weddings of this or any other season.

The palatial homestead was transformed into a conservatory of flowers and in this enchanting bower the marriage ceremony was solemnized by Rector A. W. Seabrease, according to the Episcopal ritual.

The bride was attended by the Misses Florence Malotte, of Indianapolis, Mary Randall, of this city, and Alice Carpenter, of Louisville. Beside the groom stood Edward Cary, of Denver, Col., C. W. Hull, of Omaha, Charles McDougal and Will T. Brackenridge, of this city.

Professor Reineke's orchestra discoursed the musical program and throughout the appointments were exceedingly rare.

Some sixty invitations were issued and most all of them found acceptance, so that a brilliant company was entertained.

Mr. and Mrs. Cary will reside at Omaha.
